

Non-supervisory rig-based drilling positions include positions such as **floorman** (entry-level), **roustabout** (Offshore entry-level), **motorman** and **derrickman**. When completing your application, you will be asked to specify the position(s) for which you would like to apply.

Non-supervisory rig-based drilling positions are responsible for performing various manual labor tasks throughout the rig site, including: rig up and down activities, general equipment operation, repairs and maintenance on rig components, assigned activities on the rig floor, mud-mixing, handling tubulars in the derrick, and other various duties as assigned.

### **Position Requirements:**

- The worker must be at least 18 years of age
- The worker must pass a post-offer physical examination
- The worker must have proper legal authorization to work in the country where the rig is operating
- Work assignments are generally 12 hours per day, for 14-28 consecutive days, followed by 14-28 days off
- Ability to apply common sense to carry out written or oral instructions and to deal with problems involving a few concrete variables in standardized situations
- Basic ability to understand, speak, read, and write English
- Basic computer skills required
- Non-entry-level positions require a minimum of six months of prior drilling experience, as well as knowledge of procedures associated with drilling a well
- Prior mechanical equipment experience is preferred for motorman positions

### **Items Worker Provides:**

- Steel-toe work boots
- TWIC card (Offshore positions only)
- Passport (International positions only)
