Please request an official transcript and include a sealed transcript with the application package. An official transcript is required by the deadline. No exceptions.

3. SUBMIT A SINGLE PAGE TYPED ESSAY ON ONE OF THE FOLLOWING TOPICS

“Recycled” essays from previous years will be discarded and your application will be considered incomplete. Essays on other topics will not be considered. Please do not submit internship reports as the content may be considered confidential.

- Why did you choose a petroleum engineering career? Why do you think it is a good fit for you?
- Should the United States oil industry be nationalized?
- When talking to someone who has a negative opinion about the domestic oil and gas industry, what arguments could you use to persuade them about its benefits?
- What has been your biggest challenge so far in working towards getting a degree in petroleum engineering? How did you overcome it?
- With the recent rise of electric vehicles adoption and technology, how do you believe a petroleum engineer will need to adapt to have a prominent role in the world’s future energy needs?

4. PROVIDE TWO LETTERS OF RECOMMENDATION

Have your references mail their letters directly to you and include the sealed reference letters in your application package. Your references should be from someone whom you have worked for in the industry. If you do not received your reference letters within the necessary time to include it in the application package, please submit a clean and crisp scanned image of a SIGNED letter to the email address list below. No outdated references letters will be accepted.

All letters must be received by the scholarship chairman before the deadline. Reference letters should be from employers, research leaders and professors, employers and research leaders (letters from high school instructors & counselors are accepted only for freshmen). If you have had past internships, you should aim to get one of your reference letters from your internship supervisor.
